

VeriWave Enters Taiwan Market

GCOM Technologies to represent VeriWave in Taiwan

PORTLAND, OR — November 3, 2005 — VeriWave, Inc., the leading provider of test systems for performance analysis of wireless local area network (WLAN) products, announced today that it has signed a distribution agreement with GCOM Technologies to re-sell and support VeriWave's products in Taiwan.

"We are delighted to partner with VeriWave, the leading provider of WLAN test equipment and offer its products in Taiwan," said Bing Lu, general manager of GCOM Technologies. "GCOM is committed to offer our customers best-of-breed solutions, and VeriWave's products offer exactly that. GCOM's sales and support expertise will enable VeriWave to become the most important test solution for wireless LAN equipment in Taiwan."

GCOM Technologies, founded in 1999, specializes in providing networking test and measurement instruments to the high-tech market in Taiwan. GCOM focuses on supporting network equipment manufacturers as well as telecom service providers.

"We are very happy to welcome GCOM Technologies as our distributor in Taiwan," said Chris DeMonico, VeriWave's chief executive officer. "Taiwan is one of the most important markets for VeriWave, and choosing GCOM enables us to partner with the local leader in providing WLAN test equipment to our customers. GCOM's proven customer relations and excellent support structure was the most important factor in our decision."

About VeriWave

VeriWave is the leading provider of test systems for performance analysis of wireless local area network (WLAN) products. VeriWave's products are used by equipment manufacturers to accurately analyze the performance of their products, as

well as by carriers and enterprise users to make the right choice when selecting WLAN equipment for deployment in their networks. For more information about VeriWave, call (503) 473-8350, or go to www.veriwave.com.
