

WBW1104 End of Life (EOL) Announcement

Date – October 1, 2010

VeriWave is providing customers with advance notice of the End of Life (EOL) support for the WBW1104 WaveBlade.

Reason for EOL:

The WBW1104 is a line card that fits into the WT90 and WT20 chassis and interwork seamlessly with the WaveBlade WiFi 802.11n and WaveBlade Ethernet line-cards. Since the functionality of the WBW1104 is a subset of the WBW1104N (WBW1104 supports 802.11 a/b/g while WBW1104N supports 802.11 a/b/g/SISO n), VeriWave discontinues the sale of WBW1104.

End of Sale:

Effective October 1, 2010, VeriWave will discontinue selling the WBW1104.

Compatibility Issues:

None.

Technical Support:

Technical support for the WBW1104 will continue.

Product Life Cycle Policy:

Please refer to the below table for important dates:
